Singing along on a summer afternoon  
Having a lemon and lime in the music room  
Singing along on a summer afternoon  
Why don't you join the throng, as we go along

Sitting around on a Sunday, having a nice cornetto  
Wearing a sunny hat  
Cornflakes for breakfast  
Sharing Veronica's sweet dreams  
Why don't you join the throng, as we sing along

The sun is good, the sun is hot  
It's holiday time  
Nice weather, we join together  
We're friends forever

Push me on a swing  
Where the bees and wasps don't sting  
Singing and riding on the horses  
Hunting for deer and camping in the woods  
Things are going as they should  
Summer time is so good
